References: a. Memo for the D/I, USAF, from DCI, dated
13 April 1950, subject: "Transfer of Intelli-
gence and Investigations Laboratory to the
Central Intelligence Agency."
b. Memo for the DCI from D/I, USAF, dated
19 May 1950, subject as in Reference a, above.

1. In response to your memorandum mentioned in Reference c above, the Central Intelligence Agency is fully aware of its responsibilities, as outlined in Reference a and acknowledged in Reference b.

2. We desire to comply with your request as stated in paragraph 2a of Reference c. However, it is felt that such information should be given to a designated representative of your office so that the security of these developments may be controlled on a "need-to-know" basis. At the present time, there are four or five items of interest to the military intelligence and counter-intelligence programs.

4. In order to accomplish the proposal, as outlined in my paragraph 2, and so that your office may participate in such a demonstration, as outlined in paragraph 3, it is requested that a representative of your office be designated as liaison officer for these matters and that all
